

Christmas at Junibacken

Experience a magical Christmas at Junibacken! Get into the Christmas spirit among decorations and fragrant baking. Buy presents in the bookshop and take the Story Train across the snowy landscape at Lönneberga. And what would Christmas be without the traditional theatre show “Pettson’s Christmas Visitor”? The Christmas season at Junibacken lasts until 14 January 2018.

The theater (3/12-7/1)

Ouch! Pettson has injured his foot and can't go shopping for Christmas food or chop down a Christmas tree! Findus is worried that there might not even be Christmas this year, when someone suddenly knocks at the door... Who on earth can that be? As tradition demands, Junibacken is putting on the play “Findus at Christmas”, and this year is the sixth in a row.

The bookshop

In Sweden's largest children's bookshop we have a passion for children's reading. Here you can find a wide range of presents for all ages – the very first book for the very young, books to be devoured by the slightly older avid reader, wonderful brightly coloured clothes, toys with an educational edge, cuddly toys, and piles of Swedish children's books translated into more than 20 languages. And we are of course happy to gift-wrap your presents – certain to be winners under this year's tree! Our dedicated personnel will be delighted to share their ideas for perfect Christmas presents.

The restaurant

In our restaurant we serve home-baked cakes with the taste of Christmas. Rumours have reached us about saffron spice buns and Santa Claus cupcakes.

The letters factory

Come and visit the Junibacken pavilion, which will be converted during the Christmas school holidays into a creative workshop in which you can get to grips with the alphabet – from A to Z. We have laid in ample supplies of glitter, sequins, buttons and string. Create and decorate your favourite letter in the workshop!

Junibacken – experience a world of fantasy together

Junibacken – a building full of experiences to promote children's literature. Creativity, play and fantasy at Junibacken stimulate the curiosity of children and fill them with a desire for reading. We always base our activities on children's books and it is our ambition to create, stimulate and inspire – in the true spirit of Astrid Lindgren.

Junibacken is never far from the prize-winning limelight and in February 2017 Evimetrix designated us the most child-friendly museum in Stockholm.
